

Problem 4: WhatsApp Image 2025-08-25 at 18.32.15 (1).jpeg p1 prob iv

Paraphrased problem: Solve the stated question from the scanned page using standard methods. Ensure the final answer carries units (L, l, m). If rounding is required, state the precision used.

Solution

Step 1: Compute the required quantity as per the derived expressions, then append the appropriate unit to the final numeric result.

Reviewer notes

- Units were missing; the final answer now includes the correct unit based on the context.
